

# 17" LCD KVM Console Drawer with 8-Port Combo-Free Module

### Easy Switching, Efficient Management

PLANET DKVM-1708 is the drawer KVM with single-rail console design that makes installation easy by just locking the rails into the rack and then place the KVM console along the rails. Simply use the supplied Combo VGA cable set to link the DKVM-1708 to the console ports of your KVM Switch, regardless of the connected port interface -- USB or PS/2.

The combo-free KVM switch modules of the DKVM-1708 are loaded with rich features, such as one local console port, daisy chain capability, on screen display (OSD) menu, password security, searching PC server name, hot key control, push button and auto-scan control, complete keyboard and mouse emulation for simultaneous PC boot-up processes.

### Easy to Install

With the unique separate rail design, it helps to install the KVM console easily. Moreover, when there is a need to maintain the console, the administrator can easily uninstall the device without affecting the server above or below.

### Modular KVM Switches

The DKVM-1708 also can be applied as a single port console with 8-port KVM switch.

### Hardware

- Heavy-duty electroplate steel housing
- Supports high resolution up to 1280 x 1024 @ 75Hz
- Complies with EIA RS-310C 19" rack mount standard

### System

- Supports combo KVM module to connect servers / KVM via USB and PS/2 connection
- Fully supports Logitech / Microsoft / IBM PS/2 mouse / trackball and compatible PS/2 mouse / trackball
- Supports hot plug; not necessary to turn off the original system regardless of a newly installed PC or KVM

### Installation

- Single rail design, easy to install
- OSD function for LCD display and KVM Switch
- Cascade controls 64 sets of PCs
- Supports 7 OSD languages (continually increasing)

*Various OSD Languages*

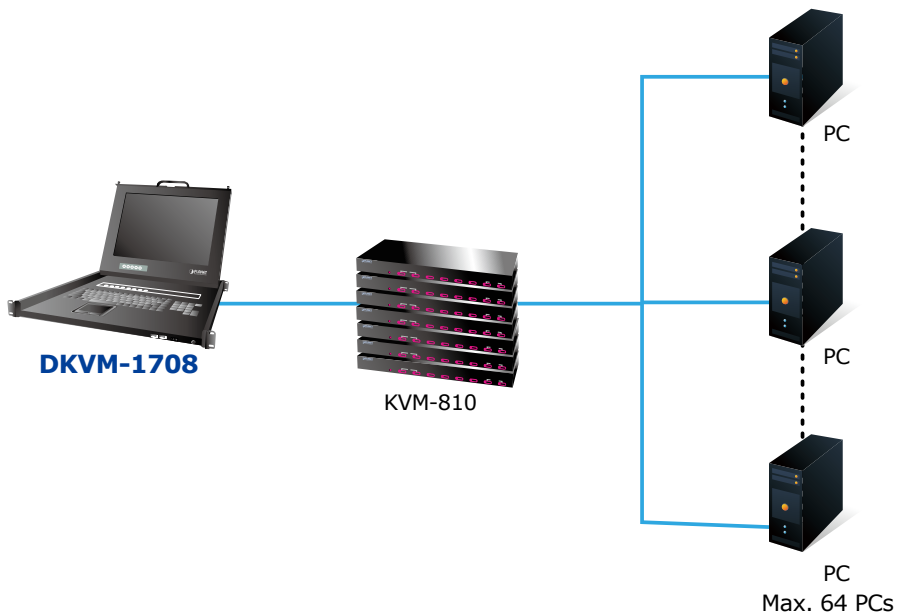

The DKVM-1708 provides multi-language OSD (on screen display) supporting English, French, Deutsch, Espanol, Traditional Chinese, Simplified Chinese and Japanese.

*Powerful Mouse / Keyboard Support*

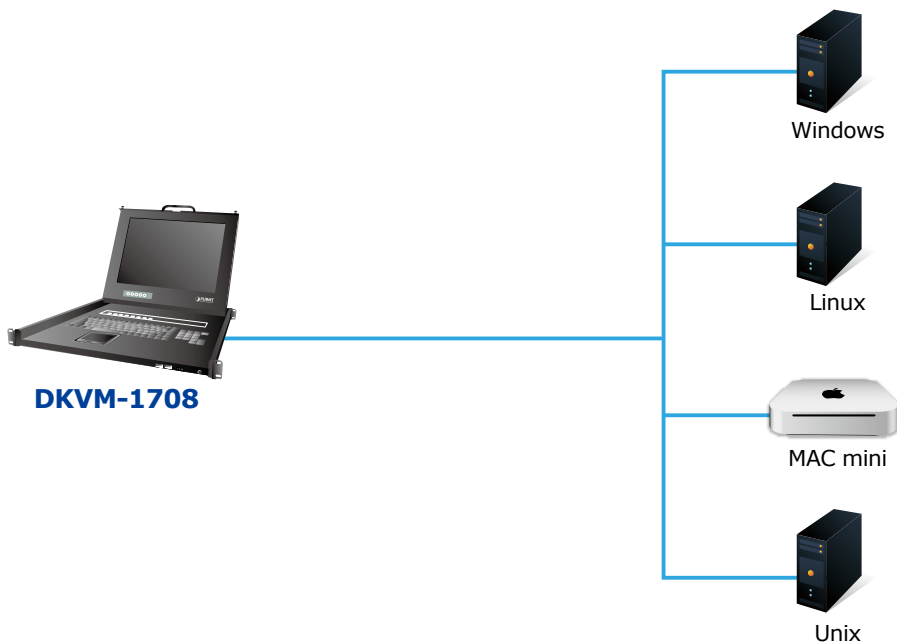

In the present computer applications, a mouse has become an indispensable device. The KVM fully supports various models of PS/2 mice manufactured by Logitech, Microsoft and IBM as well as compatible PS/2 mice of other brands. The KVM supports the PS/2 keyboard port of code set 1/2/3 and further allows you to use the KVM for all kinds of servers, PCs or their combination.

## Applications

*Integrated with PLANET KVM Switches (KVM-810), a KVM chain can be constructed easily by using the DKVM-1708.*

*The Combo-Free KVM can be connected to any PC or server directly without concern of keyboard / mouse interface compatibility.*

## Specifications

Model	DKVM-1708
<b>Product Specifications</b>	
Display Size	17 inches
Panel Type	2CCFL LCD panel
Resolution Capabilities	Maximum resolution up to 1280 x 1024 (SXGA)
Pixel Pitch	0.264 (H) x 0.264 (V) / 0.294 (H) x 0.294 (V)
Backlight Lifetime	50,000 hrs
Operating System	Windows 2000 / XP / 2003 / Vista / Win7, Linux, Mac OS9 / OSX and Sun Microsystems
Multi Platform	PS/2 and combo-free KVM module
System Cables	KVM cable (combo-free) x 1
Keyboard Mouse	104 key PS/2 keyboard with touch pad
Touch Pad	1000 points/inch (40 points/mm) graphics tablet mode
Mouse Resolution	300 DPI
KVM Switch Module PC Connectors	Video: 8 HDB-15 female
	KB/MS: PS/2 & USB signal combined
Chassis Construction	Heavy duty steel materials
Rail Slide Dimensions	51 cm (extended length of 30cm)
Power Source	100 ~ 240V AC input
Temperature	Operating: 5 ~ 40 degrees C / 41 ~ 104 degrees F Storage: -20 ~ 60 degrees C / -4 ~ 140 degrees F
Humidity	0% ~ 80% RH
Dimensions (W x D X H)	440 x 450 x 44 mm
Weight	10.5 Kg
OSD Language	English (Default), French, Deutsch, Espanol, Traditional Chinese, Simplified Chinese and Japanese
Certification	CE / FCC
